

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to accept two integers and an arithmetic operator (+, -, *, /) from user and performs the corresponding arithmetic operation and display the result.

[25 Marks]

Q2. Write a PHP script for the following: Design a form to accept a number from the user. Perform the operations and show the results.

☐ Check whether number is palindrome or not.

☐ Reverse the number using recursions.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program

- To reverse a given number
- To check whether the number is Armstrong numbers or not.

[25 Marks]

Q2. Write a script to create “breakfast.xml” file with multiple elements as shown below:

```
<breakfast_menu>
<food><name>French Fries</name>
<price>Rs45</price>
<description>Young youths are very much intrested to eat it </description>
<calories>650</calories></food>
</breakfast_menu>
```

Write a script to add multiple elements in “breakfast.xml” file of category, Juice.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to accept and display Bank_Account details as Acc_No, Acc_holder_name, Addr, Contact_Number and Balance. Perform deposit of some amount and display modified bank account details. (Use manipulators)

[25 Marks]

Q2. Create a XML file which gives details of movies available in “Mayanagari CD Store” from following categories

a) Classical b) Action c) Horror

Elements in each category are in the following format

```
<Category>
<MovieName> ---- </MovieName>
<ReleaseYear> ---- </ReleaseYear>
</Category>
```

Save the file with name “movies.xml”.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to calculate area and circumference of a Circle. (Use default argument, scope resolution operator and manipulator.)

[25 Marks]

Q2. Create student table as follows:

Student (sno, sname, per). Write Ajax program to select the student name and print the selected student's details.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to create a class MyDate with three data members as dd, mm, yyyy. Create and initialize the object by using parameterized constructor and display date in dd- mon- yyyy format. (Input: 19-12-2014 Output: 19-Dec-2014). (Use the concept of dynamic initialization of object)

[25 Marks]

Q2. Write PHP program accept name, select your cities you would like to visit and display selected information on page. (Use multi-valued parameter)

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to create a class 'MyArray' which contains single dimensional integer array of given size. Write a member function to display even and odd numbers from a given array. (Use Dynamic Constructor to allocate and Destructor to free memory of an object)

[25 Marks]

Q2. Write a PHP script using AJAX concept, to check user name and password are valid or Invalid (use database to store user name and password).

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Design a base class Product(Product_Id, Product_Name, Price). Derive a class Discount (Discount_In_Percentage) from Product. A customer buys 'n' products. Write a C++ program to calculate total price, total discount.

[25 Marks]

Q2. Create Trip table as follows:

Trip (tno, tname, Source, Destination, cost). Write Ajax program to select the trip name and print the selected trip details.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Design a Base class Customer (name, phone-number). Derive a class Depositor (accno, balance) from Customer. Again derive a class Borrower (loan-no, loan-amt) from Depositor. Write necessary member functions to read and display the details of 'n' customers.

[25 Marks]

Q2. Write PHP program to accept user details such as user-id, name, Address, email, and mobile no. Display same information on next page.

[25 Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to calculate area of cone, sphere and circle by using function overloading.

[25 Marks]

Q2. Write PHP program to create student registration form and display student information. (Use sticky form concept).

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Create a C++ class Employee with data members E_no, E_Name, Designation and Salary. Accept two employees information and display information of employee having maximum salary. (Use this pointer)

[25 Marks]

Q2. Write a Calculator class that can accept two values, then add them, subtract them, multiply them together, or divide them on request.

For example:

```
$calc = new Calculator( 3, 4 );
```

```
echo $calc->add(); // Displays "7"
```

```
echo $calc->multiply(); // Displays "12"
```

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to create a class Integer. Write a C++ program to implement necessary member functions to overload the operator unary pre and post decrement '--' for an integer number.

[25 Marks]

Q2. Write a PHP script to create student.xml file which contains student roll no, name, address, college and course. Print students detail of specific course in tabular format after accepting course as input.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Design two base classes Personnel (name, address, email-id, birth date) and Academic (marks in tenth, marks in tenth, class obtained). Derive a class Bio-data from both these classes. Write a C++ program to prepare a bio-data of a student having Personnel and Academic information.

[25 Marks]

Q2. Write Ajax program to carry out validation for a username entered in textbox. If the textbox is blank, print 'Enter username', If the number of characters is less than three, print 'Username is too short'. If value entered is appropriate the print 'Valid username'.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Design a base class Employee (emp-code, name). Derive two classes as Fulltime (daily rate, number of days, salary) and Parttime (number of working hours, hourly rate, salary) from Employee. Write a C++ menu driven program to:

- i. Accept the details of 'n' employees and calculate the salary.
- ii. Display the details of 'n' employees.

[25 Marks]

Q2. Write a PHP script to read book.XML and print book details in tabular format using simple XML(Content of book.XML are book_code, book_name,author, year price).

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026

Lab Course: Computer Laboratory based on C++, Adv PHP

[Time: - 3 Hours]

[Marks: 70]

Q1. Create a base class Student(Roll_No, Name) which derives two classes Academic_Marks(Mark1, Mark2, Mark3) and Extra_Activities_Marks(Marks). Class Result(Total_Marks, Grade) inherits both Academic_Marks and Extra_Activities_Marks classes. (Use Virtual Base Class) Write a C++ program to Calculate Total_marks and grade.

[25 Marks]

Q2. Write a PHP script to generate an XML in the following format. Add more than 5 books details. Display details of book by selecting the publication of book from user.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Create class Person which contains data member as Passport_Id, Person_name, Nationality, Gender, Date_of_Birth, Date_of_Issue, Date_of_expiry. Write a c++ program to perform following member functions:

- a. Enter details of all persons
- b. Display passport details of one person

[25 Marks]

Q2. Create an xml file which should comprise the following:

Sachin Tendulkar 2000 100 20 for at least 5 players. Write a PHP script to display the details of players who have scored more than 1200 runs and at least 50 wickets.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to accept ‘n’ numbers from user through Command Line Argument. Store all positive and negative numbers in file “Positive.txt” and “Negative.txt” respectively.
[25 Marks]

Q2. Write a script to create “cricket.xml” file with multiple elements as shown below:
<CricketTeam>
<Team country=”Australia”>
<player>__</player>
<runs> </runs>
<wicket>__</wicket>
</Team>
</CricketTeam>

Write a script to add multiple elements in “cricket.xml” file of category, country=”India”.

[25Marks]

Q3. Viva / Oral	[10 Marks]
Q4. Lab Book	[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to read the contents of a text file. Count and display number of characters, words, lines and blank spaces from a file. Find the number of occurrences of a given word present in a file.

[25 Marks]

Q2. Write a PHP script using AJAX concept, to give hint to user when he/she type city name in the text field.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Create a C++ class Employee with data members Emp_No, Emp_Name, Emp_Marks.
Write necessary member functions for the following:

- a. Accept the details and store it into the file “Emp.dat”
- b. Read the details from file and display it.

[25 Marks]

Q2. Write a PHP script to create student.xml file which contains student roll no, name, and address, college and course. Print students detail of specific course in tabular format after accepting course as input.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to find maximum & minimum of two integer numbers and two float numbers by using function template.

[25 Marks]

Q2. Create web Application that contains Voters details and check proper validation for (name, age, and nationality), as Name should be in upper case letters only, Age should not be less than 18 yrs and Nationality should be Indian.(use HTML-AJAX-PHP).

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to create two objects and swap their values using a friend function. Display values before and after swapping.

[25 Marks]

Q2. Write an Ajax script to get player details from XML file when user select player name. Create XML file to store details of player (name, country, wickets and runs).

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write C++ template program to find the area of circle & rectangle with different data types.
[25 Marks]

Q2. Write an Ajax script to get player details from XML file when user select player name.
Create XML file to store details of player (name, country, wickets and runs).

[25Marks]

Q3. Viva / Oral [10 Marks]

Q4. Lab Book [10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Write a C++ program to create a class Exam with private data members rollNo, marks1, marks2. Create another class Result which calculates total and average marks. Displays pass/fail status based on average. (Use Friend function)

[25 Marks]

Q2. Create employee table as follows EMP (eno, ename, designation, salary). Write Ajax program to select the employees name and print the selected employee's details.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]

Savitribai Phule Pune University
S.Y.B.B.A (C.A.) Semester – IV (2024 Pattern as per NEP)
Practical Examination 2025-2026
Lab Course: Computer Laboratory based on C++, Adv PHP
[Time: - 3 Hours] [Marks: 70]

Q1. Create a base class Conversion. Derive class Weight (Gram, Kilogram) from Conversion class. Write a C++ program to read, convert and display operations.

[25 Marks]

Q2. Create a Page in laravel titles “Game”. Add the details of different games (football, hockey, and cricket) with player list on the page. The page should contain announcement about upcoming match.

[25Marks]

Q3. Viva / Oral

[10 Marks]

Q4. Lab Book

[10 Marks]
